

Storeroom Volunteer Award

The Storeroom was one of six winning organisations at the Island's first Voluntary and Community Fair on Saturday 19th September, where our Furniture Project received a "Volunteer Centre Best Practice Award". The County Press quotes Helen Snashall of the Volunteer Centre (Isle of Wight Rural Community Council) as saying:

These awards highlight the value of a positive volunteering experience as being important to the overall success of any volunteer-involving initiative". (Isle of Wight County Press, Sept 25 2009 - p19)
